Summon everything you've got
All your forces under the sun
Put the corn up into the sky
I'll take you one by one by one
Come on and take me on (x4)

Your words are life drawn with stones
Skipping across my skin
Take a warm look at what has gone before
There's no way you will ever win
Come on and take me on (x4)

Cause when the war is over,
the fight is done.
Well I'll be lying in the sun

Yeah when the war is over,
the fight is done.
Well I'll be lying in the sun

(Instrumental)

The sun's the only one who sleeps
I can hear everything you say
There's a small piece of earth between you and me
We can play fight or we can play
Come on and take me on (x4)

Cause when the war is over,
the fight is done.
Well I'll be lying in the sun

Yeah when the war is over,
the fight is done.
Well I'll be lying in the sun
When the war is over,
the fight is done.
Well I'll be lying in the sun (x2)

Yeah when the war is over,
the fight is done.

We'll be lying in the sun
