All my days

I've been listenin' to you play

I've spent all my days driving

All my days trying

You are so big

But that don't make me so small

You rule the world

But now I'm standing tall

I'm taking your mouth into mine

I'll take it in now

I'll take it in now, now, now, now

I've been waiting all my days for you now

Been waiting all my

I got into your parts

And I made you squeal

And I got into your heart

And it was no big deal

I'm taking your mouth into mine

I'll suck it in now, now, now, now

I've been waiting all my days for you now

Waiting all my

I'm taking your mouth

I got into your parts and I got into your charts

I'm taking your mouth

I'm taking your mouth

I'm taking your mouth

I'm taking your mouth
