It's a broken morning outside
Go easy on my mind
'Cos you're this dream I'm hangin' on
And I'm tryin' to meet the dawn

And the longest way I traveled
From the darkness to the light
Lord, it's been a million miles
In these prisons I can't abide

I'm half way here, I'm half way there
I'm half way here, I'm half way there
I'm half way here, I'm half way there
All along I've been the traveler, yeah

Forever outta time
Forever just unwinds
I see the green beyond the blue
And I'm tryin' to make it through

And the longest way I traveled
From the darkness to the light
Lord, it seems a million miles
All my brothers I can't unbind

I'm half way here, I'm half way there
I'm half way here, I'm half way there
I'm half way here, I'm half way there
Oh Lord, I been the traveler, yeah

It's why the world is cold
Go easy on my soul
'Cos you're this dream I'm hangin' on
And I'm tryin' to meet the dawn

And the longest way I traveled
From the darkness to the light
Lord, it been a million miles
In these prisons I can't abide

Half way here, I'm half way there
I'm half way here, I'm half way there

I'm half way here, I'm half way there
I'm half way here, I'm half way there
I'm half way here, I'm half way there
All along I been the traveler, yeah

All along I been the traveler
All along I been the traveler
All along I been the traveler
All along I been the traveler
