You and I have an understanding
You and I have an understanding that's so true
No spoken words express my love for you
A tender kiss does more than any word can do

I'm talking about me and you
And I'm so glad that you and I
Wanna give, oh darling
You and I wanna give a challenge that they know
Each and everyday in a thousand different ways
We find our love like shining light beneath the sun
Cause you're the one
Ooh

You and I
You and I
You and I have an understanding
Our love goes on and on
No other one can love like me and you
This love with have will always over shine the rest

You and I have an understanding
You and I baby we have an understanding
You and me baby have an understanding
You and I have

We love each other
That's all that matters (x 3)

We understand that you and I (x 9)
