Your pretty eyes
Give the show away
You feel the want to be beloved
I wait and see

A consent nod by you
And close by me
I see your promising winged eyes
And hear a softly melody

A timid try
To fly away
Close clasped to reach the sky
Without return

A timid try
To fly away
Close clasped to reach the sky
Without return

Pleasant dream
Arised in minds
Woken up by confusion
And past the night

A veiled silhouette of you
I fear, it's just a second dream
I feel force to close my minds
And hear a softly melody

A timid try
To fly away
Close clasped to reach the sky
Without return

A timid try
To fly away
Close clasped to reach the sky
Without return

A timid try
To fly away

Close clasped to reach the sky
Without return

A timid try
To fly away
Close clasped to reach the sky
Without return
