I hate school  
The teachers say  
The kids are all fools  
And they penetrate

Why don't you all leave me alone?  
All I wanna do is go home  
Why don't you all leave me alone?  
All I wanna do is go home

Feedin' my brain  
Feel like I got hit  
The kids are all strange  
So baby I quit

Why don't you all leave me alone?  
All I wanna do is go home  
Why don't you all leave me alone?  
All I wanna do is go home

Why don't you all leave me alone?  
All I wanna do is go home  
Why don't you all leave me alone?  
All I wanna do is go home
