"Peer Pressure"

Visit "[Peer Pressure](#)" on MotoLyrics.com

My every move is judged
By the court of my peers
When the sentence comes
It confirmed the worst of my fears
They know I'm different
I'm not like them
They won't accept me for the way I am

Peer pressure peer pressure
Mess up my head
Peer pressure peer pressure
I wanna be dead
Peer pressure peer pressure
Won't let me be
Peer pressure peer pressure
Won't let me be

It's a new youth movement
A teenage conspiracy
A group whose only purpose
Is to make the same of you & me
Never stop
It moves far too fast
Hate it forever
But it'll always last
