You think you've got something over
Some kinda thing over me
Well there's gonna come a day
When I can leave it all behind if you'd open up your
eyes you'd see
That doing all the stupid things that you do
Means there's gonna come a day
When you're gonna fade away
And it's gonna come around on you
You'll be crying
Slowly dying
When the day comes creeping up on you
There will be a day when you won't believe it's true
It's gonna come around on you
