Baby talk mix it up emotions hit the trip again  
Baby talk stickin to your story til the bitter end  
Incriminations are in/out of you like bullets from a gun  
Sometimes I wonder if it's my artistic way of having fun

Ayayay, woahh, ayayay, woahh

Baby talk make it personal when your on the attack  
Baby talk it would twist up are you sure you got the  
facts  
When you want something you suck up acting sly I'll  
give you talk,  
(Baby talk baby talk baby talk)  
And when I need a little look I turn around andy baby  
walked, away

Ayayay, woahh, ayayay, woahh  
Ayayay, woahh, ayayay, woahh

Oh I don't owe, I don't owe, I don't owe you anything  
Oh I don't owe, I don't owe, I don't owe you anything  
No I wont, no I wont, no I wont give you anything  
Oh I don't owe, I don't owe, I don't owe you anything

Ayayay, woahh, ayayay, woahh (woahh)  
Ayayay, woahh, ayayay, woahh (woahh, baby talk baby
