I got a call last night from Warren
Somebody told him his band is boring
Warren was crying, he felt so bad
Cause the punks don't like his bell-bottom pants

Experience the Ozzfish (x2)

I went to a party, brought a tape of their tunes
It drove everybody out of the room
Ozzfish just ain't cool anymore
Cause Ozz don't listen to any Hardcore
Some people might say I got no taste
They say the band sounds like shit cause they don't
have a bass
Some people might say I got no brains
But Ozzfish is driving my neighbors insane
