I was hanging out at the show  
feeling like a fat potato  
I don't know what I'm doing here  
I saw her at the door  
and she looked as bored  
as me so I got her in

I put her on the guest list  
at the show and now I get  
to watch her dance like  
the other weirdos do oh oh oh oh oh

I saw she brought a camera  
She danced the groin-o-rama  
and we were really having fun  
Told her I'm the lead singer  
I felt like Harvey Klinger and  
then she smacked me in the head

I put her on the guest list  
at the show and now I get  
to watch her dance like  
the other weirdos do oh oh oh oh oh
