I just know your name  
but still just the same  
I see you in my dreams at night  
I see you in my food when I eat  
I see your pretty mug I think that  
I'm in love  
If you kissed me I would blow up  
If you kissed me  
you would throw up  
I try to say don't walk away  
from me in this condition  
I sit and look at you and think  
of what you do after school  
when you go home and leave  
me standing all alone here  
And I try to speak  
My mouth's dry  
I'm weak  
I'm sure you've got a boyfriend and  
he's probably a lawyer or something  
I try to say don't walk away  
from me in this condition cause  
I wanna be with you tonight  
I can't move to the other side of  
the room and you're ignoring me  
You must think I'm gay or  
something because I can't find  
a way to ask you out but I'm trying  
I'm trying I'm trying I'm trying
