so this bad joke comes to an end i can't believe that we  
were friends i don't know what you think about me do  
you really think that you're superior to me outside of  
you is where i'll be outside of you's where you'll find  
me outside of you is where i'll always be i'm always  
outside of you is where i'll be outside of you's where  
you'll find me outside of you is where i'll always be  
outside of you i was there when you were at your worst  
if you thanked me that would be a first i don't know  
what you think about me does an ingrate's low opinion  
of me matter honestly you lied to yourself so don't  
blame me just believe what you want to believe i don't  
care what you think about me i've had enough of your  
suspicion and hypocrisy
