What to do a spaceship crew came  
Crashing through my house  
Captain Kirk the stupid jerk  
Punched me in the mouth.  
Why'd you pick this place?  
You came from outer space  
If you're sleeping on my couch then  
You'll do what I say  
Go! Set tbe phasers on kill  
Go! Set the phasers on kill  
Go! Set the phasers on kill  
Cause I don't love her anymore  
Looking through my records all day  
On the phone all night  
Try to fix the beam without  
The help of Miller Light  
I can't get no sleep  
You better earn your keep  
Take the safety off and go  
Disintegrate that creep  
Go! Set tbe phasers on kill  
Go! Set the phasers on kill  
Go! Set the phasers on kill  
Cause I don't love her anymore
