The product yor're trying to sell  
Isn't going over too well with me  
And I just want to see it explode  
The stations have the feel of the pulse of the nation  
And I'm losing my lunch  
It's a rip off and I wanna see it exploded  
Classic rock for balding farts  
who need to feel young  
Plastic rock for snot-nosed brats  
Fat DJ's deciding what's hot  
Spinning snake oil that the suckers forgot  
Is the same slop they've been shoveled for thirty five  
years  
The public doesn't know any better  
But so what cause who's gonaa let them  
hear anything that's not bought and paid for up front  
The rancid puke that you're peddling  
Makes me sick I'm telling you  
I wanna see it blown up  
Radio Blast  
I wanna say I'd like to see it explode  
I'd like to say I wanna see it explode  
Bought off by alternative reps  
Don't you ever forget  
Who is really behind your paycheck  
It's time for a structural change  
It's time for a pipe bom in the basement  
I think it's time to smash you  
Don't worry about inflation  
Take a well deserved vacation  
And sign off from a crater
