Gotta learn soon that things never last  
Cause I'm a punk rock christian with a bug up my ass  
Gotta know now if it's all worth a fight  
Cause if there's really a god then what else is right ?

What is right (x4)

Gotta lot of people don't like my attitude  
I don't know what the fuck I should do  
If you think it's OK when I rip in a song  
Then why when I do it to you is it wrong  
I gotta girl and I know I'm in love  
If you fight all the time can that be enough ?  
I gotta girl and I know that she loves me  
So why should I feel fucked up,  
shut out, hosed up, shut up in destiny ? FUCK!
