well i know that our love is for real
but i thought you should know
how i feel
so you're not going anywehre
won't fad away
cause your name is tatooned
on my heart
and i'll always be true
don't forget that i don't forget you
wherever i go what i do
and should you slip my mind
i'll have this to remind me
your name is tatooned on my heart
and i'll always be true
am i such a fool
to show my love for you
i know it's no mistake
and no this thing is not a fake
don't forget that i won't forget you
wherever i go what i do
and should you slip my mind
i'll have this to remind me
your name is tatooned on my heart
and i'll always be true
