well i know that our love is for real but i thought you  
should know how i feel so you're not going anywhere  
won't fad away cause your name is tattooed on my heart  
and i'll always be true don't forget that i don't forget  
you wherever i go what i do and should you slip my  
mind i'll have this to remind me your name is tattooed  
on my heart and i'll always be true am i such a fool to  
show my love for you i know it's no mistake and no this  
thing is not a fake don't forget that i won't forget you  
wherever i go what i do and should you slip my mind i'll  
have this to remind me your name is tattooed on my  
heart and i'll always be true
