"Close"

When I'm alone at night
and I feel as I
might pick up the phone and try to call you
but I don't because it don't feel right
and it's not my time
for you

But now that doesn't mean
there won't be you and me
to lay out on the ground
and watch the burning sun go down
now time is all we need
and I am sure you'll see
something will be found in me

but for now you won't be mine
and I will wait 'till the end of time
until i learn to know
that your feelings will grow
and I know deep inside
that I can see
I'm not that close, I'm not that close to you now
im not that close, I'm not that close to you now

i have a photograph and it makes us laugh
it makes us feel so good just like i know how good it
should
but then i realize that you're not here beside me now
then i break down
and it comes spilling out
im not feeling so good
just like i know how good it should
and then i realize you're not here beside me now

but for now you won't be mine
and I will wait 'till the end of time
until i learn to know
that your feelings will grow
and I know deep inside
that I can see
I'm not that close, I'm not that close to you now

I'm not that close, I'm not that close to you now
I'm not that close, I'm not that close to you now
I'm not that close, I'm not that close to you now
