We are the children of the night,
we are the children
We are the children of the night,
we are the children

As daylight fades, we celebrate
The end is near your end is hear
The night it brings us our fate
Knee deep in mud we want your blood

This isn't love, this is war
This is the night we said
We would be fighting for
This isn't love, this is war
This is the night we swore
That we would call our own

Chorus
We are the children of the night
we are the children
We are the children of the night
we are the children

The fire burns into the sky
The sun goes down your end is here
Lighting eyes in the night
Be one of us be one of us

This isn't love, this is war
This is the night we said
We would be fighting for
This isn't love this is war
This is the night we swore
That we would call our own

We are the children of the night,
we are the children
x2

This isn't love, this is war
This is the night we said

We would be fighting for

We are the children of the night
we are the children
x2
