Whoa

Let's go, let's go!  
Come on baby let's take this from the top  
Where do I go?  
We can make it just don't tell me to stop  
Let's hide and run!  
Never used to sing just to be loved  
I won't let go!  
One more time and I know we got tonight

I'm falling down whoa oh

This isn't the first time, you won't be the last  
Tonight that I'm coming for you, go!  
This isn't the first time, you won't be the last  
The city almost got you burned

Let's go, let's go!  
You know I love the way you love to front  
Where do I go?  
What you got I know is what I want  
Let's hide and run!  
Some say that one day we will start again  
I won't let go!  
It's nothing to lose but all to gain

I'm falling down whoa oh

This isn't the first time, you won't be the last  
Tonight that I'm coming for you, go!  
This isn't the first time, you won't be the last  
The city almost got you burned

This town will never let you leave  
This town will be your final grave

This isn't a violation!  
This is a celebration!  
This isn't a violation!  
This is a celebration!

This isn't the first time, you won't be the last  
Tonight that I'm coming for you, go!  
This isn't the first time, you won't be the last  
The city almost got you burned

This isn't the first time, you won't be the last  
Tonight that I'm coming for you, go!  
This isn't the first time, goâ€¦!  
Time, time  
Whoa
