So this is how it's gonna be,  
You and me are history  
We will never look the same  
But the end is coming

Your time is running out  
The rain is falling  
So raise your voice and shout:

This is a blackout  
And you'll find out  
It's gonna come and take everything you love away  
Blackout, coming to your town  
We'll never run away  
So stand and fight another day

So this is where it all began  
This is where the story ends  
We will never need to leave  
But we keep running  
The walls are coming down  
This is a warning  
So raise your voice and shout:

This is a blackout  
And you'll find out  
It's gonna come and take everything you love away  
Blackout, coming to your town  
We'll never run away  
So stand and fight another day

Oh,  
Going out, going out, going out (x12)

This is a blackout  
And you'll find out  
It's gonna come and take everything you love away  
Blackout, coming to your town  
We'll never run away  
So stand and fight another day

This is a blackout, this is a blackout, this is a blackout.  
Woah
