I don't care what you're thinking  
I don't care what you're saying  
When everything is gone, we'll still be begging for  
more

She looks at him  
Her heart beat starts to melt  
She said "I made you up to hurt myself"  
You leave the room and I smell you on my clothes  
You're dangerous and beautiful  
My thorn and my rose

Let's just make things work.  
There's nowhere better then here

I don't care what you're thinking  
I don't care what you're saying  
When everything is gone, we'll still be begging for  
more  
[x2]

I hate the pain that I went and put you through  
'Cause I'll never be perfect 'cause I'll never be you  
What the air doesn't see, the heart can't breath  
But all that pain went away when I saw you leave

Let's just make things work  
There's nowhere better then this

I don't care what you're thinking  
I don't care what you're saying  
When everything is gone, we'll still be begging for  
more  
[x2]

Say what you want, it would always end  
This was never gonna be simple  
Say what you want, it was all pretend  
This was never gonna be simple  
[x2]

I don't care what you're thinking  
I don't care what you're saying  
When everything is gone, we'll still be begging for  
more  
[x2]

This was never gonna be simple (begging for more)  
[x4]

This was never gonna be simple [x2]
