I feel the ropes are getting tighter. it's not a bad idea
These chains will never hold me down, so lets just
make this clear.
So step it up and make me fight it, and I'll scare you all
the time.
Don't stop, just carry on and I know I'll be just fine.

Love you and leave you's what I'll do. One day I'm
coming, not a clue.

Youve tired me out by tying me down. Woah, woah
Youve tired me out by tying me down. Woah, woah

You feel my hands are getting tighter, getting ever
nearer.
Scream when youve had enough, I couldnt see this
clearer
Your life is slipping through my fingers. Push you up
against the wall.
Do I stop or just carry on? will you ever take it off?

Love you and leave you's what I'll do. One day I'm
coming, not a clue.

Youve tired me out by tying me down. Woah, woah
Youve tired me out by tying me down. Woah, woah

I'm so close, scream for me.
I'm so close, scream for me.
I'm so close, scream for me.

Youve tired me out by tying me down. Woah, woah
Youve tired me out by tying me down. Woah, woah
Youve tired me out by tying me down, youve tired me
out by tying me down.
Youve tired me out by tying me down, youve tired me
out by tying me down.
Tying me down, tying me down.
