My brother
I beg for
Forgiveness

The taste of blood in my mouth
Is telling me to stop and walk away
Stop and walk away
But I dont think this thing will end not until
One of us is dead
One of us is dead
Blow for blow I take it in
One last step, that extra mile

[2x]
Pull no punches, half hearted glances
Look to kill, cause you won't see this chance again
Pull no punches, half hearted glances
Cause the day we quite is the day we die

The taste of blood in my mouth
Is telling me to stop
I dont think this thing will end not until
One of us is dead

One of us is dead
One of us is dead
One of us is dead
One of us

[4x]
The blood still left in my veins
Drowns the sound around me

[4x]
Pushing harder (I was the king and you were my queen)
Beating faster (I was the king and you were my queen)

I was the king and you were my queen
I was the king and you were my queen (Pushing harder)
I was the king and you were my queen
I was the king and you were my queen (Beating faster)
