takin you on a ride a ride a ride it's like
Oh you sound so nicre your the love of mine x 2
I heard bout her back in 86 wen i went to skool with
voodoo child spax span and lady six
8:30 sharp wit the ali on callisbrook we may be late but
we got a way for cook
Back in the day my brother was the man man battles
came to and wen he dropped his hand span
Neva tell her how felt bout her i jjst kept it inside and
watched the other people crowd around her
But i was in the back finkin of little raps scheming on
the waist so i could make contact
We fell in love and struggled over the wrong rap round
the time i got caught stealing form the top rack but she
incoureged me showed me how to stop that made me
realize i was chillin wit the rong cats so jjst for you i sat
down and rote this song phat to let you no that the
scribe is back on track
oh you sound so nicre your the love of mine x2
