Grace and love
That rescued me
You gave Your son
To set me free
All my hope is found in You

In darkest place
It's You I see
Holding me and comforts me
Lord Your everything I need

Chorus

Jesus, Oh Jesus
You cover all my shame
You wash away my sins
Lamb of God
Mighty savior
Healer of my soul
God of all my hope

Restore my life, come wash me clean
Still You are my guide and shield
Your light will lead me here

Fall on me like waters deep
The only one, the air I breathe
Let Your heart speak to me

Bridge

I'm not afraid, I'm not afraid
Cause I know You are with me
I'm ashamed, I'm not ashamed
Cause Your love never fades
