I'm sitting here beside the door
Still I wondered what for sure
But I don't hold back
Cause I know Your incontroll

And there's a moment that I pray
Hoping everything's okay
If we only search for truth
There will always be a change

Chorus

I am changing now ah ah oh
I am changing now ah ah oh
I am changing now ah ah oh
I am changing now ah ah oh
So I'm better now

I'm different now ah ah oh
I'm different now ah ah oh
I'm different now ah ah oh
I'm different now ah ah oh
Cause I know Him now
