No wonder He is greater  
Than all we have forever  
There is none like You to me  
More than anything I see  
Lord you're the only one for me

No wonder He's our savior  
Of all the earth will know  
Nothing can take away this love  
Upon my heart and I know it's true

Chorus:  
I wanna live for You  
I wanna fly with You  
Forever by grace so now I see  
Let it be still in my soul  
Stay in me oh Lord  
Cause I will remain in You

No wonder He is greater  
Than all we have forever  
There is none like You to me  
More than anything I see  
Lord you're the only one for me

No wonder He's our savior  
Of all the earth will know  
Nothing can take away this love  
Upon my heart and I know it's true

Bridge:  
You love me tenderly  
You gave everything to me  
Take me endlessly  
You're the one I long to see  
Hold me tightly  
Jesus you are all I need
