Stir it up within my heart
Word that heals and change my life
I will never get go back
Cause I knew You are my God
Throwing old ways, old desire
Don't wanna stay, the same old life
I believe You make all things new

Pre/Chorus:

When the ocean is waving
Don't let my faith go drown
But fix my eyes to the things
Above and something's worth

Oh woah oh oh oh, oh woah oh orth
Above and something's worth
Oh woah oh oh oh, oh woah oh orth

Chorus:

Show me how to live
Teach me how to walk
On the water, Lord

Show me how to love
Teach me how to walk
On the water

Set apart my feet on another
Knowing that I'm not
Blind anymore, in your presence
There's no more darkness
To You I know where I belong
Where I belong

Bridge:

Let me know
Let me know You more
Let me know
Let me know You more
