I need to forgive  
and I need to forget  
for all they've done to me

I must not go frown  
I know I'm not alone  
cause You've said that  
You are here with me

Sometimes I feel so cold  
I wanna go home  
To the place where I belong

I try to understand  
Everything I am  
But they never ever listen  
To the every word I'm tellin'Â'

#### Chorus

Oh sweet revenge this is my story  
And I don't want that regrets recall  
In my life, hope that they'll change  
Never gonna do it again

Teasing me up, twisting me down  
They'll do what they wanted to do  
I said stop, just leave me alone this time

#### Bridge

No matter what they say to me  
I keep my wings to soar up high  
And every moment I will fight  
Until the morning shine  
I'll stand and rise again

#### Interlude

You make all things new  
You make all things new

Because of You, my life seems so true  
Because of You, everything's new
