Verse I

Everyday I feel your arms around me
Reminding me when I'm so very weary
Strengthen me and fill me when I'm empty
Cause day by day I feel your love for me

Refrain

You're all that I need
Please stay here by my side
You're all that I want
Let me stay by your side

Chorus

Oh God, Oh God you are so good to me
You make me feels alright
You make me feels alright
Oh God, Oh God I feel you holding me
So tight, so bright
Oh everything's just fine
Cause I know you are with me

Verse II

I trust in you almighty God
My life is in your hand
Know that you're my God
There's no reason to be sad
Cause you're with me all the time
Guiding me wherever I go
