No need to breathe, no need to feel  
I have lost you  
You are nothing. Please stop trying  
to come back now

How did you find me?  
Without you I would be just fine.  
I thought I lost you,  
I meant to leave you behind!

No need to breathe, no need to feel  
I have lost you  
You are nothing. Please stop trying  
to come back now  
I don't need you. I don't want you  
ruining my dream  
If you go now and let me be  
I'll be happy

I no longer need you  
you've been cast out of my mind  
If I was ever addicted  
I would have never been blind

Why didn't you help me  
when I needed you most?  
I want to forget you

No need to breathe, no need to feel  
I have lost you  
You are nothing. Please stop trying  
to come back now  
I don't need you. I don't want you  
ruining my dream  
If you go now and let me be  
I'll be happy

Why didn't you help me  
when I needed you most?  
Without you I'm sane  
Without you I'm sane

Without you I'm sane

It's tearing me apart  
It's tearing me apart

No need to breath, no need to feel  
I have lost you  
You are nothing. Please stop trying  
to come back now  
I don't need you. I don't want you  
ruining my dream  
If you go now and let me be  
I'll be happy

when I needed you most?  
Without you I'm sane  
Without you I'm sane  
Without you I'm sane  
Without you I'm sane
