Take me away to a place where I should be  
I don't know how I came to feel so incomplete  
Victim of absurdity  
No place left here for me  
Frustration takes its hold of me

Take me from this life  
I can't. I can't. I can't  
Take much more of this  
I've come to realize  
There's no point to  
Breathing, breeding, repeating

Wake me with a rolling thunder  
Let the night absorb my screams  
I'm so tired of always waiting  
It's time for me to do something  
About my life my isolation  
And turn my winter into spring  
I know you feel the same as I do

Take me from this life  
I can't. I can't. I can't  
Take much more of this  
I've come to realize  
There's no point to  
Breathing, breeding, repeating

Take me away to a place where I should be  
I don't know how I came to feel so incomplete  
Victim of absurdity  
No place left here for me  
Frustration takes its hold of me

Wake me with a rolling thunder  
Let the night absorb my screams  
I'm so tired of always waiting  
It's time for me to do something  
About my life my desolation  
And turn my winter into spring  
I know you feel the same as I do

Take me from this life  
I can't. I can't. I can't  
Take much more of this  
I've come to realize  
There's no point to  
Breathing, breeding, repeating
