"Outside This World"

I occasionally think how quickly our differences
worldwide
Would vanish if we were facing an alien threat from
outside this world

If we were facing an alien threat from outside this
world

An alien threat
From outside this world

We often forget how much unites all the members of
humanity
Perhaps we need some outside universal threat
To make us recognize this common bond
I occasionally think how quickly our differences
worldwide
Would vanish if we were facing an alien threat from
outside this world

(This world [?x])

I occasionally think how quickly our differences
worldwide
Would vanish if we were facing an alien threat from
outside this world

We often forget how much unites all the members of
humanity
Perhaps we need some outside universal threat
To make us recognize this common bond
I occasionally think how quickly our differences
worldwide
Would vanish if we were facing an alien threat from
outside this world

From outside this world [2x]
