Nothing I Wouldn't do for you my baby girl  
No one else That means more to me in the whole world  
No one else i would be with if i had one wish  
No one else that could ever love you like this

No way I would Rather be and  
Right here just you and me just  
Laying 'round till lays are leaving  
In your arms were full asleep  
When I wake up you were try to leave  
Trying to hold your back on your sleeve  
But I know that you got to go so  
Hope you know that  
There was never that I would ever do that hurt you  
Never leave your side, never would desert you  
And you know I would ever be the first to  
Tell you the truth even when it hurts to  
Put that in reversal  
Pray to god that you would do the same  
for you ill walk through the rain  
and thourgh the pain

Nothing I Wouldn't do for you my baby girl  
No one else That means more to me in the whole world  
No one else i would be with if i had one wish  
No one else that could ever love you like this

Nothing I wouldn't do for you my baby girl  
It's so beautiful never knew that you would touch  
Me in a way that me make me wanna change the way  
I used to do, how it used to be  
I tell you truthfully  
You know you only get the truth from me  
I just want you to be happy  
And I don't give a c that anybody loves you more than  
me  
I hope you know that  
There is no one else that ever could replace you  
I would never take you for granted and every day I'm  
gratefull  
And I will be eternally thankful  
And on the 8th of April celebrate you

If you do I will be faithful  
I swear to God

Nothing I Wouldn't do for you my baby girl  
No one else That means more to me in the whole world  
No one else i would be with if i had one wish  
No one else that could ever love you like this

[singing girl]  
I don't want no one else  
girl you are the best  
what am i to do if i ever loose you  
[end singing]

When you're gone I cry for you my baby girl  
I would die for you  
And I would do anything that you want me to  
I'll take the stars out the sky for you  
I never knew a love love love like this  
Tell me what am I supposed to do  
Cause I would do anything in the world babygirl  
If it means to be close to you  
And you know that cause i show that  
And I never hold back when it comes to my love for you  
And it was like  
Love on first night when we met at the hospital  
And I ain't gonna lie so  
I apologize 'cause I brought you in such a crazy world  
But it's because it's I love you  
No one has to love you  
As my daughter as my baby girl

Nothing I Wouldn't do for you my baby girl  
No one else That means more to me in the whole world  
No one else i would be with if i had one wish  
No one else that could ever love you like this
