And i hope you feel my pain
Hope you dont forget my name
For the cause i claim
and the reason i came..tell me was it all in vain?
i work ball and chain
through the midnight rain i'd sing
and the man would say.

Stop the music playing loud and feel
Cause they dont wana hear
o lord they dont wanna hear
but its loud and clear
and its deep inside my soul.
all damn nations hear.

Raise some hands, say my name n let it rain yeah.(X4)

And i refuse to lose no
Ive never been the type to quit
you'd probably give up now and just turn back around
but thats one our many differences because
i dont care what the distance is
i told you id take it all the way
i couldnt just walk away and just pretend like i dont
have more to say.

Stop the music playing loud and feel
Cause they dont wana hear
O lord they dont wanna hear
But its loud and clear
And its deep inside my soul
They cant hold me down no more
They gotta let me go.

Raise some hands, say my name n let it rain.(X4)

Cos I know what i gotta do
I couldnt stop now even if i wanted to
They told me give it up, its impossible
i'll bury my head in the sand like the ostriches do.
And im young and i still got a lot to prove
I cant stop, wont stop unstoppable

Elevator broken down on obstacles
Till i heard a voice from the other side of the room
telling me to.

Stop the music playing loud and feel
Cause they dont wana hear
O lord they dont wanna hear
But its loud and clear
And its deep inside my soul
They cant hold me down no more
They gotta let me go,
for damn nations near.

Raise some hands, say my name n let it rain, yeah. (x8)
