I ought to be out on the town with some good friends  
But you can only have so much fun with the same sins  
I got a couple of girls I can call almost any time  
After nine on Friday night  
Yeah, but that wouldn't feel right

Cause I ain't lookin' to settle for second best  
Just another warm shoulder to lay my head  
There's times that I've been tempted  
But I ain't that lonely yet  
When I see it I'll know it in that very moment  
There won't be no doubt  
I ain't lookin' for someone to live with  
I'm lookin' for someone I can't live without

There's been days I've tried to convince myself  
That I was lookin' at the real thing and not somethin'  
else  
So many times I've almost given in to loneliness  
But something said  
Boy don't you give up yet

Cause I ain't lookin' to settle for second best  
Just another warm shoulder to lay my head  
There's times that I've been tempted  
But I ain't that lonely yet  
When I see it I'll know it in that very moment  
There won't be no doubt  
I ain't lookin' for someone to live with  
I'm lookin' for someone I can't live without

Don't wanna give up too soon  
Miss the sun cause I chased the moon  
I might find out she don't exist  
But what if she does  
What if she does

I ain't lookin' to settle for second best  
Just another warm shoulder to lay my head  
There's times that I've been tempted  
But I ain't that lonely yet

When I see it I'll know it in that very moment  
There won't be no doubt  
I ain't lookin' for someone to live with  
I'm lookin' for someone I can't live without  
I can't live without
