I'm catching green lights now more than I catch red,  
Maybe it's in my head  
But I've got this feeling  
I was lost, I was stuck trying to find my way,  
But that's all yesterday  
I've got this feeling

Cause the sun is out  
And it feels like heaven's shining down  
It's clearer now and everything's gonna be alright  
I've got this feeling  
It's a better day  
And it feels like winning, like I'm saved  
A new beginning and baby you're the reason why  
I've got this feeling

The way you hold my hand, yeah it fits just right  
And I don't know what love feels like  
But I've got this feeling  
I'm seeing you and me, I'm seeing down the road,  
And I can't see how far it goes,  
But I've got this feeling,  
I've got this feeling,

Cause the sun is out  
And it feels like heaven's shining down  
It's clearer now and everything's gonna be alright  
I've got this feeling  
It's a better day  
And it feels like winning, like I'm saved  
A new beginning and baby you're the reason why  
I've got this feeling

When I found you it helped me find myself,  
I guess it's true,  
When it's meant to be you can tell  
Baby I can tell

Cause the sun is out  
And it feels like heaven's shining down  
It's clearer now and everything's gonna be alright

It's a better day  
And it feels like winning, like I'm saved  
A new beginning and baby you're the reason why  
I've got this feeling

I've got this feeling
