Then I got my first goodbye  
I didn't know what hit me 'til I felt the tears in my eyes  
I was sure that you loved me  
Only goes to show how wrong a heart can be

They played a song that took me back, girl  
I closed my eyes and we were there in John Frost  
Square  
It's only now that I realise, girl  
I threw away my one true love  
I watched us standing at the station  
And you were cold and oh you cried, how I lied  
I told you then I didn't need you, girl  
'Cause I was cool and on my way

Then I got my first goodbye  
I didn't know what hit me 'til I felt the tears in my eyes  
I was sure that you loved me  
Only goes to show how wrong a heart can be

And then I put my past behind me  
And life was good and times were high, and I could fly  
Even then a voice would find me  
And say your name, and ask me why  
And so in time I tried to find you  
I sent a message care of Sarah, and you were there  
and said:  
"I was time you put behind you"  
And now you're happy and so in love

Then I got my first goodbye  
I didn't know what hit me 'til I felt the tears in my eyes  
I was sure that you loved me  
Only goes to show how wrong a heart can be

It's only now I realise, girl  
Ooh yeah

Then I got my first goodbye  
I didn't know what hit me 'til I felt the tears in my eyes  
In my eyes (in my eyes)

In my eyes (ooh baby)  
In my eyes (you made me cry)  
In my eyes

Then I got my first goodbye  
I didn't know what hit me 'til I felt the tears in my eyes  
I was sure that you loved me  
Only goes to show how wrong a heart can be
