FEMALE: Hypnotize

Call me up when you thought of somethin' new for me
to do girl

Hypnotize

Call me up when you thought of somethin' new for me
to do girl

GREEN: How could your nothings be so sweet?

You left your love letters incomplete

Ooh, what the girl got nothing to do

Mmm, but she got that much for you

Ooh, what the girl been puttin' you through

Mmm, but she she got that much for you

Down on the beach and out in the bay

Ooh, but I heard the sirens say

You better believe her

Or you better leave her now or never

FEMALE: Hypnotize

How'd you come to be having fun with everyone but me
girl?

GREEN: Forgot to tell me

FEMALE: Something good

GREEN: You, a word, knew you would

FEMALE: Hypnotize

How'd you come to be having fun with everyone but me
girl?

GREEN: How could your nothings be so sweet?

You left your love letters incomplete

Ooh, what the girl got nothing to do

Mmm, but she got that much for you

Ooh, what the girl been puttin' you through

Mmm, but she she got that much for you

Out on the street, on Avenue A

Ooh, but I heard the sirens say

You better believe her

Or you better leave her now or never

(In your eyes)

Wanna tell you that your heart keeps rockin' (in your eyes)

Wanna tell you that your heart keeps rockin' (in your eyes)

Wanna tell you that your heart keeps rockin' (in your eyes)

FEMALE: Hypnotize

I forget to believe in heaven when I look at you girl

GREEN: How could your nothings be so sweet?

You left your love letters incomplete

Ooh, what the girl got nothing to do

Mmm, but she got that much for you

Ooh, what the girl been puttin' you through

Mmm, but she she got that much for you

Ooh, what the girl got nothing to say

Mmm, but I love her brand new way

Out on the street, on Avenue A

Ooh, but I heard the sirens say

Oh yeah

And it's so hard to tell you

That I love you girl (ooh baby)

And it's so hard to tell you

That I love you girl (ooh baby)

And it's so hard to tell you

That I love you girl (ooh baby)

And it's so hard to tell you

That I love you girl (ooh baby)

And it's so hard to tell you

That I love you girl (ooh baby)

And it's so hard to tell you

That I love you girl (ooh baby)
