I just wanted to be so happy girl  
'Cos I want you baby - I do want you baby  
Got to believe the doctor girl  
He told me yesterday (yes he did)  
Said you don't need the pharmacology  
Cos I want you baby - I do want you baby  
Don't need the cardiology  
To have a change of heart  
You gotta new and dangerous condition boy  
He said you know you're gonna lose your own volition  
boy  
Philosophy now

Oh for a girl (the bomb baby)  
Fix me a world (the blue shoes)  
Oh for it stirred or it shaken  
To get to know you  
Pull me through (the bomb baby)  
What can I do? (the blue shoes)  
Oh now I know I'm mistaken  
To get to love you

Could you get me a new philosophy  
'Cos I want you baby - I do want you baby  
I got see a prophet girl  
Before the day is out (yes I do)  
And I don't want apothecary girl  
'Cos I want you baby - I do want you baby  
I got to see the Avatar  
To talk the world away  
You gotta a new and dangerous condition boy  
He said you know you're gonna lose your own volition  
boy
