Sex sex sex - well don't bush around the beat  
This is the soul of indiscretion so let's get indiscreet,  
yeah  
Sex sex sex - watch you break out in a sweat  
It's what you gonna get  
Sex sex sex (uh-huh) - but you got the motion that the  
boys  
And girls all wanna touch and take it home  
Just cut that small talk 'n' the floorplay  
Just cut that cute display  
(get it up, get in on)  
Just cut that chi chi 'n' machismo  
I said oh oh oh

Sex sex sex - well you came here just to dance  
Well c'est ci bon don't worry it's the same jouissance,  
yeah  
Sex sex sex - don't ever let that go  
You find any reason for what you wanna do now  
But you got the motion that the boys 'n' girls  
All wanna touch and take it home  
Get up and jump to debasement  
Get up and masterstroke  
(get it up, get in on)  
Amoral disarmament baby  
I said oh oh oh-yeah

Sex sex sex - well your angle is acute  
You gotta lotta finesse in your sharkskin suit now  
Sex sex sex - you don't need no excuse  
Your body has a function so you put it to a use, yeah  
But you got the motion that the boys 'n' girls  
All wanna touch and take it home  
Just cut that small talk 'n' the floorplay  
Just cut that cute display  
(get it up, get in on)  
Amoral disarmament baby  
I said oh oh oh-yeah

Sex sex sex

Sex sex sex - c'mon 'n' break that rule  
Let's break it into pieces that are long 'n' sweet 'n' cool,  
yeah  
Sex sex sex (oooh) - you ain't got no money  
But you will afford to loosen up and let it go  
Get up and jump to debasement  
Get up and masterstroke  
(get it up, get in on)  
Just cut that chi chi 'n' machismo  
I said oh oh oh-yeah

Sex sex sex - well let's lay it on a line  
You can let me know with your eyes an' I'll let you know  
with mine, yeah  
Sex sex sex - but don't bush around the beat  
This is the soul of indiscretion, let's get indiscreet,  
yeah

You got the motion that the boys  
And girls all wanna touch and take it home  
Just cut that small talk 'n' the floorplay  
Just cut that cute display  
(get it up, get in on)  
Amoral disarmament baby  
I said oh oh oh-yeah.
