RAPPER: And when you want that hip hop, beat bop,
body rocking

Give me something I can ride and ride

GREEN: Something I heard

RAPPER: And when you want that hip hop, back beat,
[42nd]

Give me something that the world can't hide

GREEN: Something you said

GREEN: I tell you who we are

Eloise and Ebelard

We turnin' Pere Lachaise

Over and over and over

RAPPER: And when you want that hip hop, beat bop,
body rocking

Give me something that the gods decide

GREEN: Something I heard

RAPPER: And when you want that hip hop, back beat,
42nd

Give me something I can hold inside

GREEN: Something you said

GREEN: I tell you who we are

Eloise and Ebelard

We turnin' Pere Lachaise

Over and over and over

I came to conquer you
Nothing else will ever do for me
I wonder what you are
The 4th of July, girl?

It will get better now (you know what I mean)
It will get better now

RAPPER: And when you want that hip hop, beat bop,
body rocking

Give me something that the world can't hide

GREEN: For nothing
RAPPER: Tomorrow
GREEN: Something I heard

RAPPER: And when you want that hip hop, back beat,
42nd
Give me something I can ride and ride
GREEN: Far away
RAPPER: For ever
GREEN: Something I said (better now)
Something you say (better now)

GREEN: We got a warning here
Coming at you loud and clear
The world you understand
Is over and over and over
(And over and over and over)

It doesn't bother you
Nothing else will ever do for me
I wish you were what you are
The first day of fall, girl

(You know what I mean)
It will get better now (you know what I mean)
It will get better now (you know what I mean)
Better and better and better and better
It will get better now

Time after time after history (history)
Better and better and better and better
It'll get better now
Time after time after you hear me (oh it'll get better
now)

Time after time after history (it'll get better now)
Time after time after you hear me
It'll get better now
It'll get better now
