Now don't say a word
I know you've forever been promised the world
Look into my eyes
And you'll see there's another side

So you can follow me
Right to the back of my mind

(In the back of my mind)
(In the back of my mind)
You'll see the world like me this time
(In the back of my mind)
(In the back of my mind)
You'll see the world through darker eyes

We can change the world
We can change the essence of who we are
I can save you from yourself
I'll make you feel like someone else

So you can follow me
Right to the back of my mind

(In the back of my mind)
(In the back of my mind)
You'll see the world like me this time
(In the back of my mind)
(In the back of my mind)
You'll see the world through darker eyes
(In the back of my mind)
(In the back of my mind)
In the back of my mind we stand alone
(In the back of my mind)
(In the back of my mind)
In the back of my mind you'll be safe

Don't you close your eyes
We'll be starved to pray
We all pretend there's comfort in faith
We all pretend we care

So you can follow me
Right to the back of my mind

(In the back of my mind)
(In the back of my mind)
You'll see the world like me this time
(In the back of my mind)
(In the back of my mind)
You'll see the world through darker eyes
(In the back of my mind)
(In the back of my mind)
In the back of my mind we stand alone
(In the back of my mind)
(In the back of my mind)
In the back of my mind you'll be safe
