Verse 1:

When i see, when i see you crashing,
All to be, where were we, When it went down? I'm not
coming around.
Hopefully, soon to be its your choice,
Though i know what you'll say, you're fallin' down,
Your going down...

Pre-Chorus:

You bury the night,
Run into the fight!

Chorus:

Whoa, whoa, maybe this love was meant after all...
And do you know, what you've, done to me girl?
I don't wanna know you any more,
Any-more.

Verse 2:

When you know, just come around,
All you have to do is, not make a sound,
Then all your love is, ah, gone.

This is a joke, what do you care?
Your wishing back the days that you we're still here.
This is the end, this the end...

Pre-Chorus:

You bury the night,
Run into the fight!

Breakdown:

Whoa, whoa, maybe this love was meant after all...

Final Chorus:

Whoa, whoa, maybe this love was meant after all...
And do you know, what you've, done to me girl?
I don't wanna know you any more,
Any-more.
