Iâ€™ve got no words to tell you.
I wish my honesty would always seem true.
Please donâ€™t leave me!
Because Iâ€™m not sure of all the feelings that I hide,
behind closed doors.

Itâ€™s time to move on with our lives.
Give me something special and I promise you Iâ€™ll
try.
Oh, an empty space where you and I can sleep with the
lights on
So I wonâ€™t fear.

Do you see kindness in this man before you?
Never meant to hurt you baby thatâ€™s true.
Where are you going?
Thatâ€™s not where youâ€™ll find some peace.
Itâ€™s not that simple when youâ€™re still feeling love
for me.

Itâ€™s time to move on with our lives.
Give me something special and I promise you Iâ€™ll
try.
Oh, an empty space where you and I can sleep with the
lights on
So I wonâ€™t fear.

Are you crying everyday and night?
Is there anybody reaching out to you?
I am there.
Though you canâ€™t see it right now.

Itâ€™s time to move on with our lives.
Give me something special and I promise you Iâ€™ll
try.
Oh, an empty space where you and I can sleep with the
lights on.
