### "Thank You, Love"

I love the way you kiss me in the morning  
I love it when you act like it ain't nothing  
When you captured my heart

I love the way you stare into my eyes  
It tells me that you love me and I'm still surprised

I love it when you call me on my nonsense  
It never bothers me?. there is no pretense  
I must say? I never told someone this?

Thank You! My Love!  
You are the one who saved me

Almost! Lost faith in love  
But you gave it to me

I love you more than what is possible to say  
We will always?

Be in each other's hearts  
I knew I'd love you from the start

Thank You Love!

I used to be so cold until I met you  
I was worn out and old but now I'm brand new  
Because you've captured my heart

Didn't realize that love will save you  
I must say? I never told someone this?
