I saw you outside getting out your ride

A CLK430 you got style

As soon as I checked you out a ladies man no doubt

From head to toe your all style and I like it

How bout you buy me a rose cos I think

This is gonna get a little interesting

Lets see where this conversation goes I'm not sure that  
I want you to know

I wish I could right now wish that I could show you how  
I'm feeling you

Boy I try I can't hide how badly I want you tonight I've  
gotta fight it

If you take me home get me all alone

Nothing could happen it's just too soon

I'm just being upfront telling you from the jump

Not tonight I'm not that type of girl I'm sorry

If I gave you the wrong impression I apologise from the  
bottom of my heart

If talking out my head probably misled you

I'm confused and I'm a little scared

I wish I could right now wish that I could show you how  
I'm feeling you

Boy I try I can't hide how badly I want you tonight I've  
gotta fight it

I wish I could right now wish that I could show you how  
I'm feeling you

Boy I try I can't hide how badly I want you tonight I've  
gotta fight it

My mind its playing tricks on me I'm just not thinking  
clearly

This has happened too quickly I've got to slow down

Tomorrow is another day this I'll promise if you say

That it doesn't matter everything is gonna be ok

I wish I could right now wish that I could show you how  
I'm feeling you

Boy I try I can't hide how badly I want you tonight I've  
gotta fight it

I wish I could right now wish that I could show you how  
I'm feeling you

Boy I try I can't hide how badly I want you tonight I've  
gotta fight it

I wish I could right now wish that I could show you how  
I'm feeling you

Boy I try I can't hide how badly I want you tonight I've  
gotta fight it
