Errr why what happened?  
Oh okay  
Okay okay, I give in  
You got a friend? Then meet me and my man arooound  
ten  
You see I play a Too \$hort tape  
Just to let you tricky little girls know I'm not fake  
A little anxious school girl get comfy  
Dim the lights and unplug the phone cause it bugs me  
I'm wearin' Timbs with a .22 at my waist  
Apple juice is cold and I'm in the place  
Sometimes I think about you (\*echos\*)  
Sometimes I think about your whole crew  
I got style, so I relax  
Knowin' I wanna dive in it, it'll take twenty laps  
Hop in my mom car and lets take a ride  
Then maybe you will realize  
I know she saw me (\*echos\*)
